MEMORANDUM

To: Mayor Patrick Collins, and City Council

Date: 1/18/2022

From: John Kopper
Fire Chief

Reference: Staffing for Adequate Fire and Emergency Response (SAFER) Grant

1. Cheyenne Fire Rescue is requesting approval to submit an application for the FY21 Staffing for Adequate Fire and Emergency Response (SAFER) Grant Program. The SAFER grant was created to provide funding directly to fire departments and volunteer firefighter interest organizations to help them increase or maintain the number of trained, "front line" firefighters available in their communities.
2. The goal of SAFER is to enhance the local fire departments' abilities to comply with staffing, response and operational standards established by the NFPA (NFPA 1710 and/or NFPA 1720).
3. The proposed grant will provide for the addition of 9 firefighters at Cheyenne Fire Rescue, match free for a period of three years. The grant will greatly improve our response capabilities throughout our entire community with the addition of the firefighters. It will also improve overtime costs associated with reduced staffing levels due to illness, injuries, and administrative absences.
4. It is essential to our community and to the safety of our members that we seek alternatives to the funding of additional personnel to meet national consensus standards and increasing growth. Your support is greatly appreciated. If you have any questions, please feel free to reach out to me.

Funding: Grant, No match, \$ 2,970,790.00

Respectfully,

John Kopper
Fire Chief
