MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White, Planner II
Subject: UDC-21-00454 / Sweetgrass, 9th Filing / Final Plat
Date: February 14, 2022

Background:

The item for consideration is a *Final Plat*. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 2/14/2022
- Public Services Committee 2/23/2022
- 2nd reading (or final consideration 2/28/2022)

Planning Commission Recommendation:

The Planning Commission heard this item at their February 7, 2022 meeting and by a vote of 5-0, recommended the Governing Body approve this application.

The Planning Commission Staff report is attached.

Conditions were placed on the approval. All conditions were technical corrections that needed to be made. The applicant has submitted a revised final map that addresses these comments. The revised map has also added additional open space.

Attachments:

2. Planning Commission Staff Report
3. Revised Final Map

RESOLUTION NO. _____

ENTITLED: **“A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR SWEETGRASS, 9TH FILING, A REPLAT OF ALL OF LOT 1, BLOCK 4, SWEETGRASS, 1ST FILING SITUATED IN THE N1/2 OF SECTION 16, TOWNSHIP 13 NORTH, RANGE 66 WEST OF THE 6TH P.M., CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED SOUTH OF EAST MURRAY DRIVE WEST AND ADJACENT TO SWEETGRASS DRIVE).”**

WHEREAS, Sweetgrass Land Co., LLC, has subdivided said land in accordance with the statutes in such cases made and provided; and

WHEREAS, Sweetgrass Land Co., LLC, the owner of the above described land, has caused a subdivision plat of said land to be made, acknowledged, and certified, particularly describing the lots, block, easements, and right-of-way; and

WHEREAS, the above described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration; the Planning Commission has recommended that said plat be approved by the governing body; and the plat has been duly executed by the Development Office; and

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, THAT the subdivision described as Sweetgrass, 9th Filing, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk be and are hereby authorized, empowered, and directed to execute said plat, when Community Facility Fees have been paid in full.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2022.

PATRICK COLLINS, MAYOR

(SEAL)
ATTEST:

CITY OF CHEYENNE PLANNING COMMISSION

February 7, 2022

STAFF REPORT

FILE: UDC-21-00454: Sweetgrass, 9th Filing Preliminary Plat (Expedited Request)

REQUEST: A preliminary plat proposing to replat Lot 1, Block 4, Sweetgrass 1st Filing.

LOCATION: South of Murray Road and West of Sweetgrass Drive.

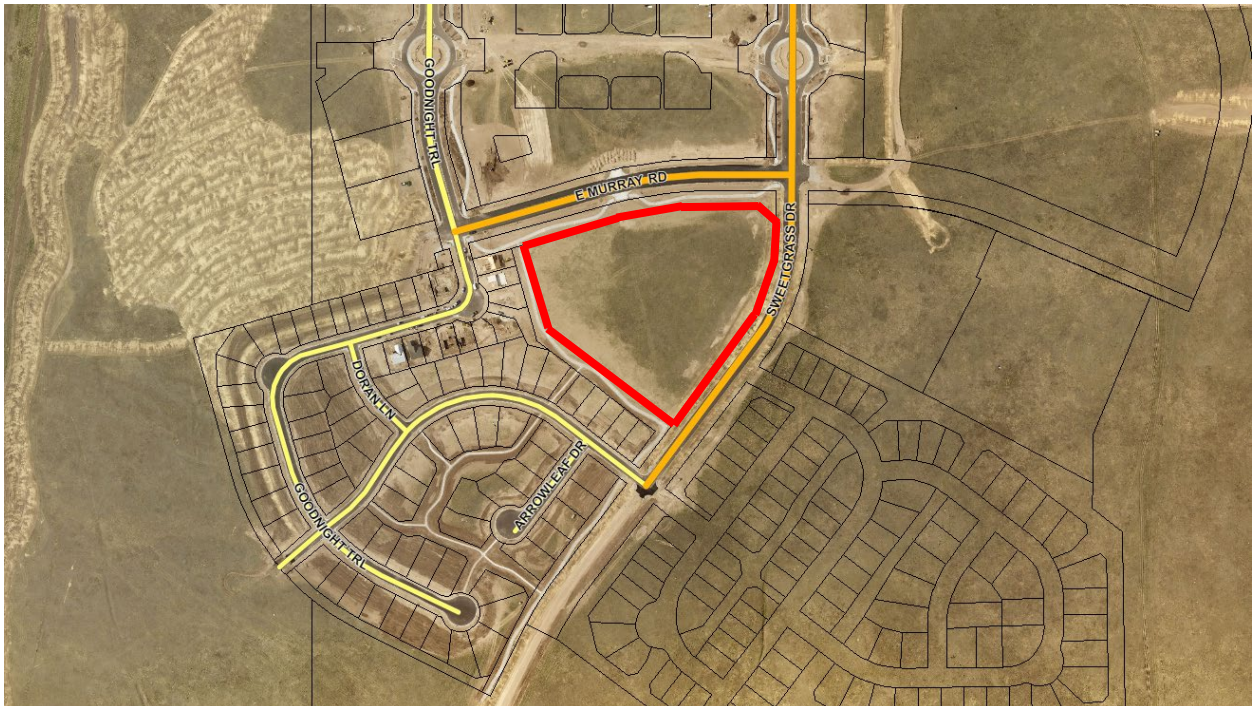

APPLICANT: Casey Palma, Palma Land Planning

OWNER: Sweetgrass Land Co., LLC

ZONING: Sweetgrass PUD (Ordinances 4232, 4286)

PURPOSE: A preliminary plat proposing replating of All of Lot 1, Block 4, Sweetgrass, 1st Filing to separate proposed multi-family onto fee-simple individual lots.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to recommend **approval** of Sweetgrass 9th Filing Preliminary Plat, subject to staff's recommended conditions, noting that as conditioned, the project meets the review criteria for approval, advancing the Final Plat to the Governing Body.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for a 7.70-acre parcel of land to create 34 lots for multi-family development. There will be one large common lot, three open space lots and 30 fee simple lots for the multi-family buildings. The land is currently vacant.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	Sweetgrass PUD (HDR)	Vacant
North	Urban Residential	Sweetgrass PUD (Village Center)	Vacant
South	Urban Residential	Sweetgrass PUD (HDR)	Single-family Residential
East	Urban Residential	Sweetgrass PUD (HDR)	Vacant
West	Urban Residential	Sweetgrass PUD (HDR)	Single-family Residential

The property is zoned as part of the Sweetgrass PUD. The Sweetgrass PUD is generally described as “a ±2,349.5-acre community envisioned as a distinctive mixed-use master planned village, integrating retail, entertainment, lodging, employment opportunities, and variety of intimately scaled residential neighborhoods.” The district generally allows a broad range of uses. The HDR (High Density Residential) land use category is located in close proximity to Laramie County Community College and planned retail / commercial development along College Drive. These parcels are intended to provide for residential development to support the student and employee housing needs associated with the community college and surrounding community in the form of apartments, townhomes, and more affordable single family detached dwellings. To promote greater diversity, lower density development, such as that permitted within MDR and LDR districts, is permitted within HDR districts.

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Expedited Plat, the Commission must make the following findings required in UDC 2.1.2.d and UDC 2.1.3.d a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

This development is in conformance with the principles and future land uses identified in PlanCheyenne. The property is within the Urban Service Boundary and has access to all utilities.

The future land use map within PlanCheyenne identifies this area as developing with a residential use. This plat proposes a replat of an existing lot to allow for a multi-family development with each building on its own fee simple lot.

Foundation 1 of PlanCheyenne encourages community growth. This development is in response to market demands and is within the Urban Service Boundary. The development patterns proposed by this plat are compatible with the designations found on the future land use map.

Foundation 2 of PlanCheyenne encourages new residential development to be compatible and connected with existing residential neighborhoods. The proposed plat is a replat of an existing lot that is adjacent to other residential types and was planned to be a multi-family development.

Foundation 6 of PlanCheyenne encourages the creation of open space and trails and the preservation of significant natural resources. The plat proposes dedicated open space lots that will be a part of an integrated trail system throughout Sweetgrass along with internal open space areas for the residents of the development.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

This is a replat of an existing lot with in Sweetgrass, 1st Filing. It does not propose any additional public streets and is already adjacent to an existing street network. Utilities and facilities are already within the area due to the existing developments in the area.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Transportation Network:

The plat proposes replating all of Lot 1, Block 4, Sweetgrass, 1st Filing. The plat proposes private drives and will not be dedicating any additional roads or right-of-way. There will be an access into the development along Murray Road and an access along Sweetgrass Drive. This lot is already within an established street network.

Community Facility Fees:

Fees were paid with the original plat for Sweetgrass, 1st Filing. The required fees for the 7.70 acres of non-exempt land in this plat are as follows:

Land Acquisition Fee	\$13,825 (\$350 per acre) \$13,825 Credit
Infrastructure Fee	\$13,825 (\$350 per acre) \$13,825 Credit
Total Land Acquisition & Infrastructure Fees	\$0.00

Per UDC Section 4.2.5, Table 4-2, the Land Acquisition & Infrastructure fee are payable at the time of the signing of the final plat.

Residential Enhancement Fee \$400 per dwelling unit
Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Open Space:

Open Space parcels were provided with Sweetgrass, 1st Filing. This replat does propose several additional open space lots to provide additional green space for the residents.

Required Improvements:

This division can provide all required utilities to the properties within this development.

The application **complies** with this review criterion.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project. The Sweetgrass PUD calls this portion of the 2,000 plus acre Sweetgrass site, part of phase 1 through 3 of 10.

The application **complies** with this review criterion.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A preliminary Drainage Report was submitted and reviewed. It was found that the plan meets the intent of the preliminary drainage report requirements contained in Article 3 of the Cheyenne UDC. A final drainage report specific to this property will be submitted with the EPR.

Traffic:

A Traffic Impact Study Letter update was submitted. The proposed platting action was reviewed and found to be within the scope of the original Traffic Report based on the updated letter.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

The proposed plat is one of the HDR zones of the PUD. The HDR land use category is located in close proximity to Laramie County Community College and planned retail / commercial development along College Drive. These parcels are intended to provide for residential development to support the student and employee housing needs associated with the community college and surrounding community in the form of apartments, townhomes, and more affordable single family detached dwellings. To promote greater diversity, lower density development, such as that permitted within MDR and LDR districts, is permitted within HDR districts. All lots proposed for development are buildable lots in this zone district.

The application **complies** with this review criterion.

- 7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

The PUD requires common lots to be owned, developed, improved, managed, and/or maintained by homeowners' associations, architectural review board(s), community development districts, and/or similar entities (PUD Section 1, Subsection G).

The application **complies** with this review criterion.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

This plat is in conformance with the design and layout anticipated for this parcel by the Sweetgrass PUD. Adjacent Sweetgrass developments were designed and laid out with this development as an integral part of the broader development pattern.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

Staff is satisfied the proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

- 10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

Through the review process and application of the Preliminary Plat, Staff has recommended conditions to the plat. These conditions are summarized in the staff recommendation. While this condition does not pose a significant engineering or planning issue, it should be addressed prior to the Governing Body's consideration of the Final Plat.

The application **complies with conditions** for this review criterion.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Technical corrections (some resolved by map revisions)
2. City Parcel Tract H was included in the plat without City Approval (removed and resolved by map revisions)
3. This is parcel BB on the PUD map - therefore the provisions of the HDR zone apply. HDR zoning requires 0.025 acres of PARK per unit for the first 100 units; PUD 4.A.8.d.i (Parks are more than just open areas - PUD 3.A.10.b). Please demonstrate where and how parcel BB is providing 2.5 acres of PARK area. If not already provided by other areas within parcel BB, please demonstrate how it will be provided with this plat. (After discussions with the applicant, some space will be provided on the plat and the

remainder will be paid as a fee-in-lieu per PUD allowance to be put toward the community park that will be built in Sweetgrass)

4. Black Hills Energy requested an easement for utilities (resolved by map revisions)

CONCLUSION:

This application meets all review criteria as filed with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body **(Staff Recommendation)**.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

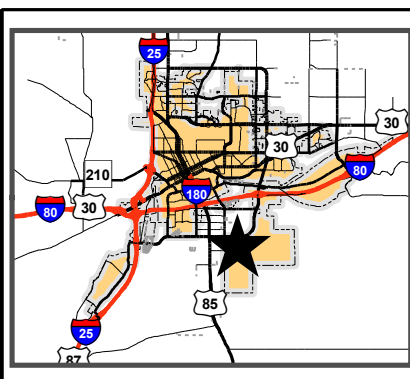

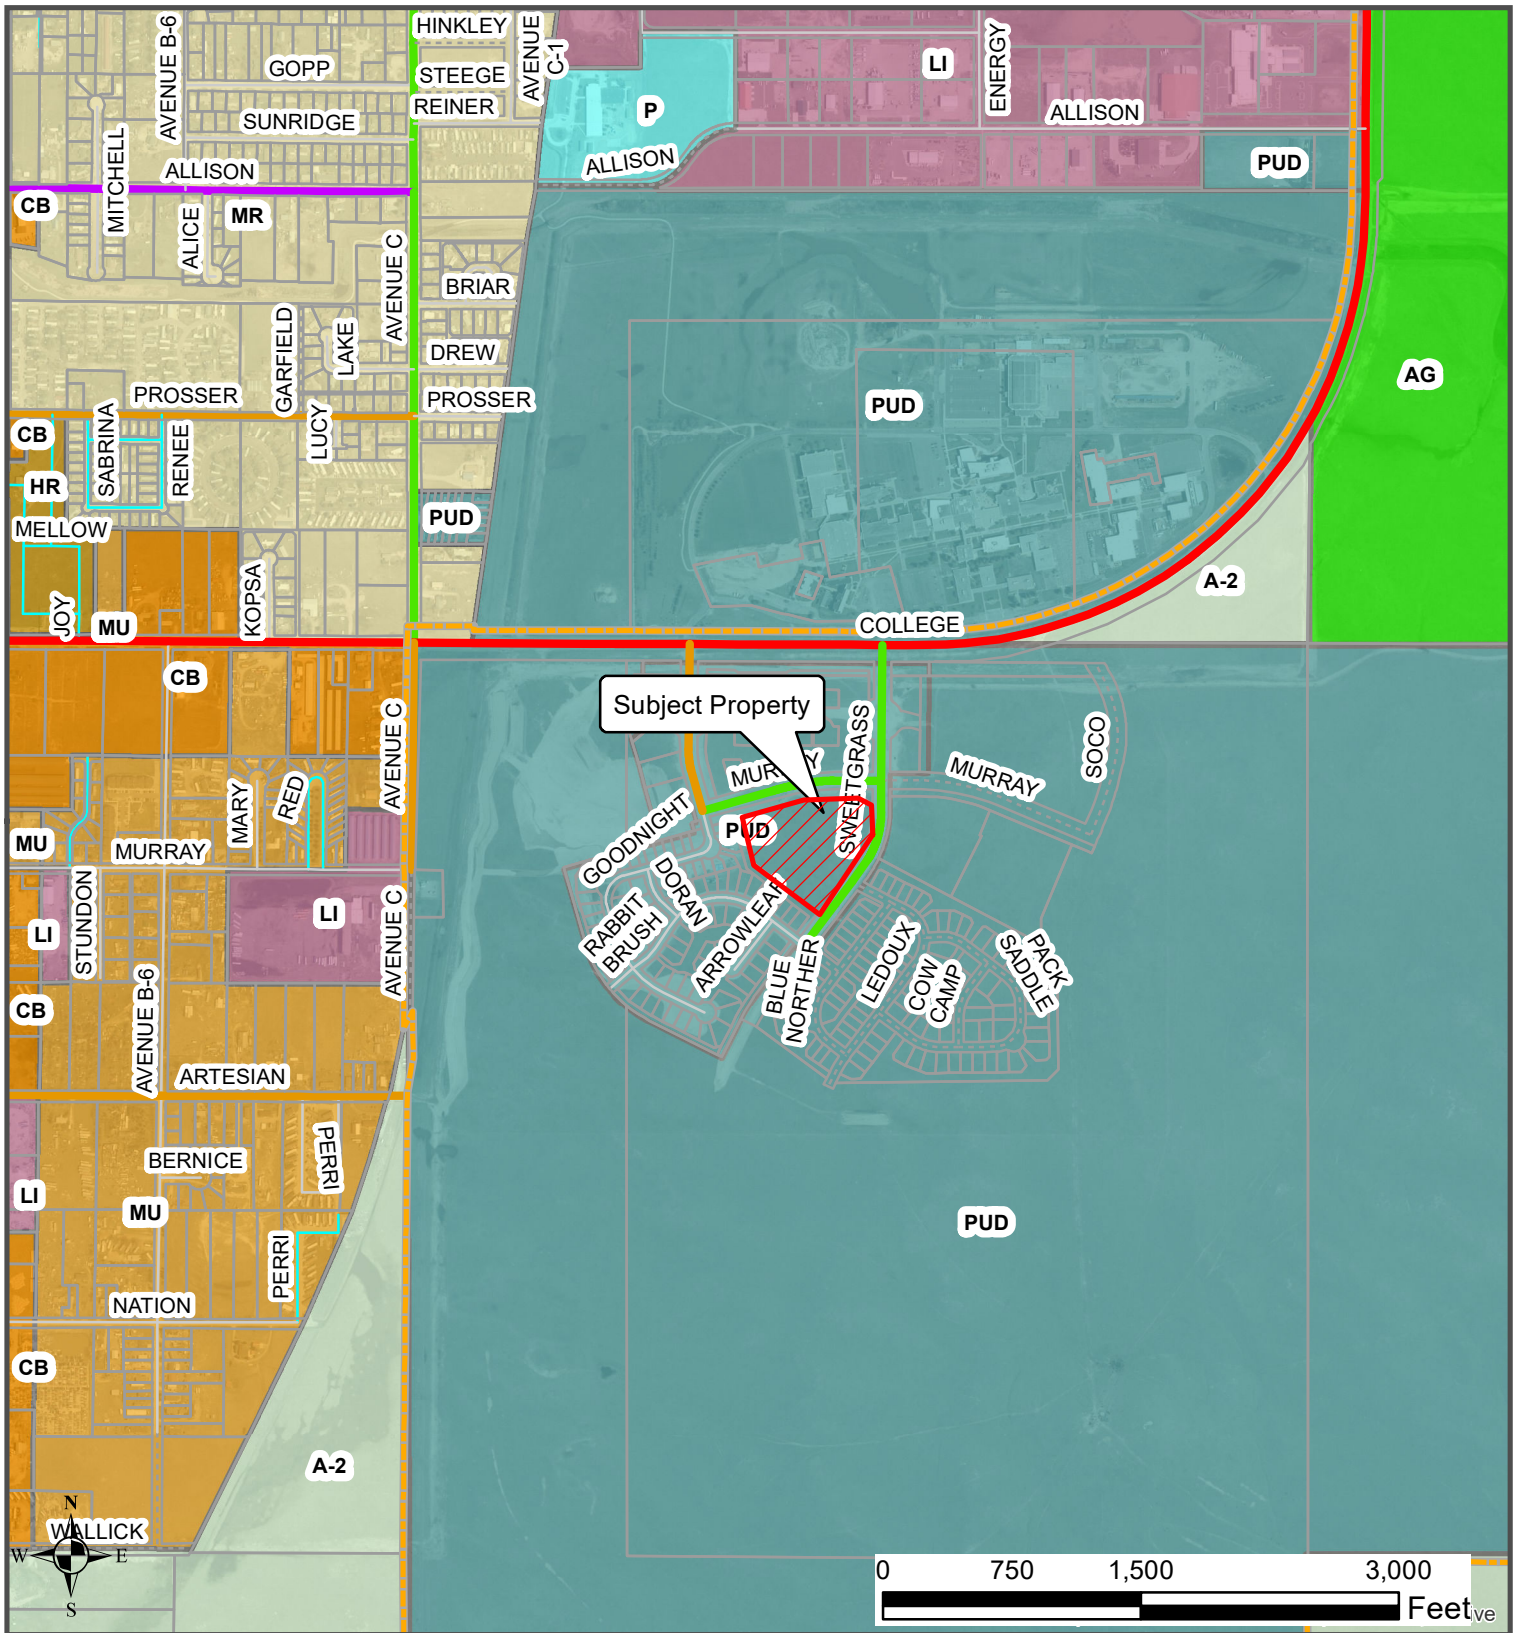

STAFF RECOMMENDATION:

Staff recommends approval of the Preliminary Plat subject to the following conditions:

1. The interior lots have no measurement to the exterior boundary. A tie of some sort will be required from the exterior boundary to the interior lots.
2. The dimension on the east side of Lot 27 will be provided.
3. The open space lots will be renamed to tracts per PUD 3.A.10.a.iii.

BOPU NOTES

"BOPU UTILITY & ACCESS EASEMENT(S)" (HEREINAFTER REFERRED TO AS "BOPU UTILITY EASEMENT(S)"), AS SHOWN AND DESCRIBED HEREON, ARE HEREBY GRANTED TO THE BOARD OF PUBLIC UTILITIES OF THE CITY OF CHEYENNE (BOPU), THEIR LEGAL SUCCESSORS AND/OR ASSIGNS, FOR INSTALLATION, MAINTENANCE, REPAIR, ALTERATION AND OPERATION OF DOMESTIC WATER AND SANITARY SEWER MAINS/PIPELINES AND FIRE HYDRANTS (COLLECTIVELY REFERRED TO AS "FACILITIES").

A. NO OTHER UTILITIES MAY INSTALL FACILITIES OR TREES ON OR WITHIN THE BOPU UTILITY EASEMENT PER CURRENT BOPU RULES AND REGULATIONS UNLESS APPROVED BY THE BOPU.

B. IF GRANTOR REQUIRES RELOCATION OF THE FACILITIES, GRANTEE AGREES TO RELOCATE THE FACILITIES PROVIDED THAT GRANTEE PAYS FOR THE RELOCATION OF THE FACILITIES, PROVIDES A SATISFACTORY ALTERNATE LOCATION FOR SUCH FACILITIES AND GRANTS THE NECESSARY EASEMENT RIGHTS AT THE NEW LOCATION UPON THE SAME TERMS AND CONDITIONS PROVIDED WITH THE ORIGINAL EASEMENT.

C. IF GRANTEE (BOPU/CITY OF CHEYENNE) REQUIRES RELOCATION OF THE FACILITIES, GRANTEE SHALL PAY FOR REMOVAL AND RELOCATION OF THE FACILITIES.

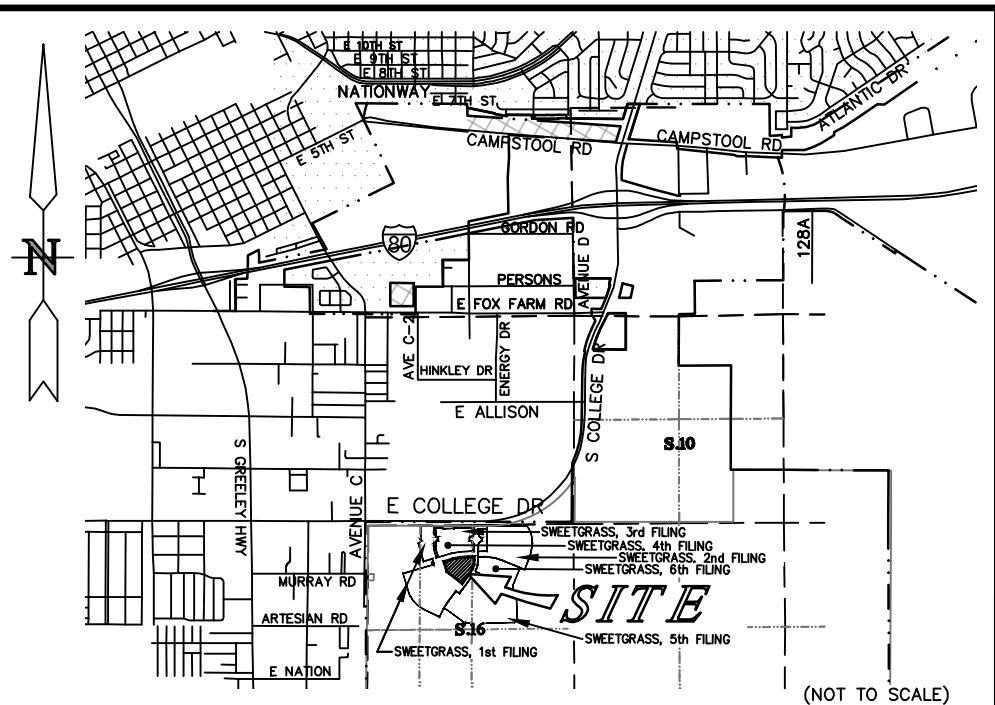

D. IF GRANTEE ACCESSES THE FACILITIES OR UNDERTAKES WORK OR MAINTENANCE ON THE FACILITIES, GRANTEE SHALL REPAIR ANY DAMAGE TO GRANTEE'S PROPERTY RESULTING THEREFROM; INCLUDING RESTORATION OF ANY AREAS DISTURBED AS A RESULT OF SUCH ACCESS AND/OR WORK.
