

Cheyenne Country Club
800 Stinner Road
Cheyenne WY 82001

To whom it may concern,

We are the Cheyenne Country Club and are requesting the approval to create a new dispensing area for alcohol sales at our pool. We have attached a diagram showing where the new area is desired to be located. We currently serve alcohol to our pool patrons (Members and Guest) from our main bar. We would like to dedicate a new space so that we can alleviate the strain it puts having only the one area to serve the inside Clubhouse & outside pool area. We will staff it w/employees that are over the age of 21 and they alone will be in the area. Our pool is open from Memorial Day weekend to Labor Day every year and this is the only time we would like the dispensing area to be open. There is no Bar top at this area, it is just a service window.

Thank you for your consideration,

Jacquin Honaker
Clubhouse Manager
