Ms. Brimmer Kunz advised they will proceed with opening their business and continue to work to bring logic to the liquor licensing process and that noted she fully intends to engage as a lobbyist for not only Aces Range LLC but also for the city and state. She noted that she had learned there are 55 available licenses in the county and expressed support for Get Bent, LLC. Upon inquiry, City Attorney Stefanie Boster explained a full certificate of occupancy would require that the Fire Marshall and Building Department inspect and approve, all pertinent city codes are met including the planning process with a site plan. The following comments were made related to the application for Get Bent, LLC: applicant does not meet the guidelines of restoring a blighted building, concerns of the business fully utilizing the license in regards to a full service restaurant, and very limited space for package store, dining, bar etc., timeline provided by Planning and Development Director Charles Bloom indicates it will be a challenge for the business to meet the conditions timeline and opinion that Westby Edge is closer to meeting all requirements. Upon inquiry, Mayor Collins advised the governing body would have the ability to extend the deadline. City Clerk Kris Jones further explained the timeline extension would go back before the governing body for approval. Ms. Boster advised the governing body is currently awarding the liquor license and the license won't be issued until a full certificate of occupancy is received, noting the council has full authority to bring the license back before the governing body for consideration of a timeline extension. Discussion continued and included: support for the Get Bent, LLC concept downtown, available liquor license options for other applicants, difficulty meeting timeframe requirement, request to exercise grace while working with the licensee regarding the timeframe requirement, and request that any anticipated delays be shared with the council.
