MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Seth Lloyd, Planner
Subject: UDC-22-00067 – Stanfield Apartments Final Plat
Date: May 9, 2022

Background:

The item for consideration is a *Final Plat*. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 5/9/2022
- Public Services Committee 5/17/2022
- Final consideration 5/23/2022

Planning Commission Recommendation:

The Planning Commission heard this item at their May 2, 2022 meeting and recommended the Governing Body approve this application by a unanimous vote.

The Planning Commission Staff report is attached and has not been changed.

Attachments:

2. Planning Commission Staff Report

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR STANFIELD APARTMENTS, A REPLAT OF LOTS 1-4, & LOTS 9-12, AND THAT PORTION OF THE 16' ALLEY SITUATE BETWEEN LOTS 1-4 & 9-12 BLOCK 16, ROBERTS PLACE AND THAT PORTION OF VACATED WEST 4TH STREET RIGHT-OF-WAY, INTERIOR HEIGHTS ADJOINING LOTS 9-12, BLOCK 16, ROBERTS PLACE, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED SOUTH OF WEST 5TH STREET, WEST OF STANFIELD AVENUE)."

WHEREAS, Tru-Grit Land Development LLC., has subdivided said land in accordance with the statutes in such cases made and provided; and

WHEREAS, Tru-Grit Land Development LLC., the owners of the above described land, has caused a subdivision plat of said land to be made, acknowledged, and certified, particularly describing the lots, block, easements, and right-of-way; and

WHEREAS, the above described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration; the Planning Commission has recommended that said plat be approved by the Governing Body; and the plat has been duly executed by the Development Office; and

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, THAT the subdivision described as Stanfield Apartments, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk be and are hereby authorized, empowered, and directed to execute said plat, when Community Facility Fees have been paid in full.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2022.

PATRICK COLLINS, MAYOR

CITY OF CHEYENNE PLANNING COMMISSION

MAY 2, 2022

STAFF REPORT

FILE: UDC-22-00067: Stanfield Apartments (Expedited Review)

REQUEST: A plat creating 1 lot for residential development

LOCATION: Southwest of the intersection of W 5th Street and Stanfield Avenue

APPLICANT: Kelly Hafner, Civilworx

OWNER: Tru-Grit Land Development

ZONING: MR Medium-density Residential

PURPOSE: A plat consolidating multiple lots, an ownership parcel from a previously vacated street, and an alley right-of-way into one lot for multifamily development.

PREPARED BY: Seth Lloyd, Planner II – Development

RECOMMENDED MOTION:

Move to **approve** the Stanfield Apartments Expedited Preliminary Plat, advancing the Final Plat to the Governing Body.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a plat for 1.1 acres of land. The subject property contains 8 formerly platted lots, the alley between the lots, and a previously vacated public street. The plat would consolidate all of this land into 1 parcel for multifamily development. The land has already received conditional use approval for multifamily development on the land (UDC-21-00348 – approval attached for reference).

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR Medium-density Residential	Vacant
North	Urban Residential	MR	Residential (detached)
South	Urban Residential	MR	Residential (duplexes, apartments)
East	Urban Residential, Mixed-use Employment	MR, LI Light Industrial	Residential (apartments), Vacant
West	Urban Residential	MR	Residential (detached), Assembly

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

The future land use map within PlanCheyenne identifies this area as developing with urban residential development, and the proposed plat in this zoning district would be compatible with this objective. PlanCheyenne supports the use of existing infrastructure and timely provision of services (including emergency and education services). This development is proposed in an area which has largely existing infrastructure and no expansion of infrastructure is necessary. This development is in conformance with the principles and future land uses identified in PlanCheyenne. The property is within the Urban Service Boundary and has access to all utilities.

The application **complies** with this review criterion.

- 2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)**

The proposed application is dissolving property lines on an existing block. The surrounding area is largely previously developed and this would be considered an infill project. Reutilizing properties for infill development is an important urban planning principle, and the proposed plat would not have an undue influence on the surrounding properties.

The application **complies** with this review criterion.

- 3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)**

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Fees previously paid may be credited toward the payment currently due. This land was previously platted in 1889, at which time plat fees were not charged – no credit may be applied. The required fees for the 1.1 acres of non-exempt land in this plat are as follows:

Land Acquisition Fee	\$385 (\$350 per acre)
Infrastructure Fee	\$385 (\$350 per acre)
Total Land Acquisition & Infrastructure Fees	\$770.00

Per UDC Section 4.2.5, Table 4-2, the Land Acquisition & Infrastructure fee are payable at the time of the signing of the final plat.

Total Fees due at signing of the plat: \$770.00

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee	\$400 per dwelling unit
Commercial Enhancement Fee	\$1,100 per acre

Transportation Network (4.3):

This plat is occurring within an area of the community which has been previously developed. There is limited opportunity to modify the block layout or street network. The proposed plat would vacate a previously-dedicated alley; however, the alley makes a limited, unpaved connection and the proposed vacation would not modify the block layout.

Open Space (4.4):

Open space is required at 750sqft per unit or 8% of the gross development area, whichever is less. However, due to the size of the property, plat-level open space is not required. Site-specific open space will be reviewed with the site plan.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development. Some unused utility lines in the area may be abandoned with the development of the property. Specific modifications will be addressed with a site plan.

Public Safety Fees (4.6):

Public Safety Fees are required at \$836.88 per dwelling unit. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion.

- 4) **Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No phasing is proposed with this project.

Review criterion **not applicable**.

- 5) **The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A Drainage Worksheet was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A Traffic Worksheet was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) **Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

The proposed plat proposes one lot. The lot has received conditional use approval for multifamily and is anticipated to meet all requirements for multifamily development. The lot meets minimum size requirements for multifamily development, and there is no maximum.

The application **complies** with this review criterion.

- 7) **All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

The plat does not propose any lots subject to this criterion.

Review criterion **not applicable**.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

Properties adjacent to this plat are mostly zoned MR. To the north, south, and west, the land is developed with smaller-lot single-unit residential. To the southwest, east, and northeast, the land is largely developed with multi-family style development. Land to the southeast is zoned LI but undeveloped.

All of the surrounding area, except the area to the southeast, is designated Urban Residential by the future land use map in PlanCheyenne, which encourages a mix of urban-style residential development patterns (although the intent is not to change existing stable neighborhoods).

The existing neighborhood has a variety of housing types, and the proposed plat would not unduly influence the neighborhood.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

- 10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

Remainder lots are not proposed with this plat.

Review criterion **not applicable**.

- 11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

- 12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)**

Through the review process and application of the Preliminary Plat, Staff does not recommend any conditions to the plat.

The application **complies** with this review criterion.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Location of BOPU facilities.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application as submitted by the applicant.

The area this plat is proposed in is anticipated to develop as a largely residential neighborhood, based on both existing development and the patterns proposed by the comprehensive plan. The proposed plat is consistent with this development pattern.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body (**Staff Recommendation**).
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to

staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body.

RE: UDC-21-00348; Conditional Use Approval for the property identified as Lots 1-4 and 9-12, Block 16, Roberts Place, Cheyenne, Wyoming.

Dear Mr. Hafner:

At the October 21, 2021 Cheyenne Board of Adjustment meeting, the Board unanimously granted your Conditional Use request, with a vote of 7-0, with the following Motion: "I move to approve a Conditional Use request to allow Multi-family Residential within the MR Medium-density Residential zone on Lots 1-4 and 9-12, Block 16, Roberts Place, Cheyenne, Wyoming to be replated prior to development."

This conditional use approval is valid for one year. Should the use not be established in one year, this approval shall be seen as void. If you have any questions, please feel free to contact me at 307-638-4342 or cwhite@cheyennecity.org. Thank you.

Sincerely,

Connor White
