MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Seth Lloyd
Subject: UDC-22-00117 / Swan Ranch Zone Change
Date: May 9, 2022

Background:

The item for consideration is a *Zoning Map Amendment (zone change)*. This is approved by Ordinance.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 5/9/2022
- Public Services Committee 5/17/2022
- Second reading 5/23/2022
- Public Services Committee 6/7/2022
- Third and final reading 6/13/2022

Planning Commission Recommendation:

The Planning Commission heard this item at their May 2, 2022 meeting and recommended the Governing Body approve this application by a unanimous vote.

The Planning Commission Staff report is attached and has not been changed.

Related Items:

- Swan Ranch Annexation (UDC-22-00118)

ORDINANCE NO. _____

ENTITLED: "AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF CHEYENNE CHANGING THE ZONING CLASSIFICATION FROM SWAN RANCH PUD PLANNED UNIT DEVELOPMENT TO CITY SWAN RANCH PUD PLANNED UNIT DEVELOPMENT (ORDINANCE NO. 3989) FOR LAND LOCATED NORTH OF HIGH PLAINS ROAD, WEST OF I-25."

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. That the owner(s) of the property described herein has (have) applied for a zoning map amendment ("zone change") for said property in accordance with Section 2.2.1, Zoning Map Amendment, of the Cheyenne Unified Development Code ("UDC").

Section 2. That on May 2, 2022, the City of Cheyenne Planning Commission conducted a public hearing, reviewed the proposed zone change that is the subject of this ordinance, and recommended approval of said zone change.

Section 3. That the Governing Body of the City of Cheyenne finds that the zone change that is the subject of this ordinance meets the criteria specified in Section 2.2.1.d of the UDC.

Section 4. That, in accordance with Section 2.2.1, Zoning Map Amendment, Section 5.1.2, Zoning Districts Established, and Section 5.1.3, Official Zoning Map, of the UDC, the aforementioned application is hereby approved and the zoning classification of the real property described as a parcel of land situated in the S½ of Section 27, T.13N., R.67W. of the 6th P.M., Laramie County, Wyoming, and being more particularly described as follows:

Commencing at the Southwest corner of said Section 27; thence N.62°29'51"E. a distance of 2837.87 feet to a point on the northerly right of way of High Plains Road right of way and the true point of beginning; thence continuing along said northerly right of way N.32°05'36"W. a distance of 349.90 feet to the beginning of a curve to the right and the easterly right of way of Clear Creek Parkway, said curve having a radius of 265.93 feet, a chord bearing of N.01°40'41"W. a chord distance of 269.66 feet and a central angle of 60°55'45", thence along the arc of said curve and the easterly right of way 282.79 feet; thence continuing along said easterly right of way the following courses and distances: N.28°47'09"E. a distance of 347.11 feet; thence N.32°53'25"E. a distance of 736.25 feet to a point on the centerline of an existing 100 powerline easement recorded at Book 2324, Page 1020 of the Laramie County Records; thence along said centerline S.63°22'44"E. a distance of 1355.64 feet to a point; thence S.49°40'42"E. a distance of 0.19 feet to a point on the westerly right of way of Interstate 25; thence along said westerly right of way the following courses and distances: S.39°07'13"W. a distance of 15.46 feet to the beginning of a curve to the right, said curve having a radius of 5480.25 feet, a chord bearing of S.40°27'01"W", a chord distance of 248.61 feet and a central angle of 2°35'58", thence along the arc of said curve a distance of 248.63 feet; thence S.47°28'46"W. a distance of 386.38 feet; thence S.52°12'36"W. a distance of 288.38 feet to a point; thence S.60°10'16"W. a distance of 289.68 feet; thence S.68°39'36"W. a distance of 387.90 feet; thence N.81°27'07"W. a distance of 292.15 feet more or less to the point of beginning.

is hereby changed to City Swan Ranch PUD Planned Unit Development (extending the original Swan Ranch PUD Planned Unit Development established by Ordinance No. 3989 to the subject property), the Regulating Plan for which is attached hereto and incorporated herein as Exhibit A.

Section 5. That the City Engineer is hereby authorized and directed to alter and amend the Official Zoning Map as described in Section 5.1.3 of the UDC to comply with the zone change as described in Section 4 above when this ordinance takes effect in accordance with Section 7 below.

Section 6. Sections, paragraphs, sentences, clauses and phrases of this ordinance are severable. If any section, paragraph, sentence, clause, or phrase of this ordinance is declared unconstitutional, such unconstitutionality shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases.

Section 7. That this ordinance shall be in full force and effect upon its approval, publication, and the recording of the annexation encompassing the area described in Section 4 with the County Clerk and Ex-Officio Register of Deeds for Laramie County, Wyoming.

CITY SWAN RANCH RAIL PARK PUD

Regulating Plan for the Planned Unit Development (PUD) of
Lot 1, Block 2, Swan Ranch Rail Park, First Filing, Lots 1 through 4, and 6, Block 1, Swan Ranch Rail
Park, Fourth Filing, all of Swan Ranch Rail Park, Fifth Filing, all of Swan Ranch Rail Park, Seventh
Filing, all of Blocks 1 and 3 and Lots 1 through 12, Block 2, Swan Ranch Rail Park, Eighth Filing, and a
parcel of land situated in a portion of the North Half of Section 27, T.13N., R.67W., 6th P.M.,
Cheyenne, Wyoming

Purpose: The purpose of the Swan Ranch Rail Park PUD is to create an area for specialized commercial and industrial businesses in a rural setting where rail is the predominant reason businesses are locating in the area and where vehicular and pedestrian traffic will be highly impacted by train operations. The following provisions specify those sections of the Cheyenne Unified Development Code ("UDC") which are deleted or modified with respect to lands within this Planned Unit Development. In all other instances, the provisions of the Cheyenne UDC shall apply.

- A. **Permitted Uses.** The uses permitted in the PUD district are specified in UDC Table 5-1, Zoning District Uses, as either "permitted" or "administrative" or "conditional" under the HI district. The PUD district is intended for uses of very high intensity which should be isolated and buffered in order to protect the community, to ensure unimpeded operation of the uses, and to permit accessory commercial, service or office uses, which cannot readily fit into other general business or mixed-use areas due to the nature or intensity of operations. In addition to the previously described uses in Table 5-1, Zoning District Uses, the following use is permitted within this PUD:

Railroad yards and maintenance buildings.

- B. **District Standards.** The application of UDC Section 5.5.2.d, Lot and Building Standards, to lands within this PUD is modified to read as follows:

Lot and Building Standards:

Lot Area: n/a

Lot Frontage: n/a

Setbacks: All buildings shall be set back at least 25' from all property lines adjacent to streets.

Building Height: n/a

Maximum coverage: 90%

- C. **Building Design Standards.** UDC Sections 6.7, 6.8 and 6.9 shall not apply to industrial land uses within this PUD.

- D. **Landscaping Standards:**

The application of UDC Section 6.3 to lands within this PUD is modified as follows:

Alternate compliance for landscaping calculation. In lieu of calculations for required landscaping in Section 6.3.4, Point System, Site Plan applications may provide the amount of landscaping required by a Section 6.3.5.b, Level 2 buffer, based on the length of the property's frontage on adjacent rights-of-way. The landscaping may be installed along rights-of-way to meet the requirement of Section 6.3.3.a, Landscape Setback, as well, or installed elsewhere on the site in addition to the Section 6.3.3.a landscape setback.

For the purposes of determining buffering between property in this PUD and that in all other zone districts, this PUD shall be treated as if zoned HI under Table 6-10, Required Landscape Buffer Levels.

- E. **Parking, Lot Access and Circulation:**

UDC Section 6.2.4.c Bicycle Parking shall not apply within this PUD.

CITY OF CHEYENNE PLANNING COMMISSION

MAY 2, 2022

STAFF REPORT

FILE: UDC-22-00117: Swan Ranch – Zoning Map Amendment
(assigning a City zone to annexed land)

REQUEST: A request to rezone approximately 36.4 acres of land from County PUD to City PUD (ORD 3989)

LOCATION: North of High Plains Road between Clear Creek Parkway and I-25

APPLICANT: Prg-Wyo Investors LLC

AGENT: Shane Hansen

OWNER: Granite Peak Development, LP

ZONING: County Swan Ranch PUD

FUTURE LAND USE: Mixed-use Employment

PURPOSE: To allow the development of an entertainment facility

PREPARED BY: Seth Lloyd, Planner II - Development

RECOMMENDED MOTION:

Move to **approve** the rezoning of a portion of the South Half of Section 27, Township 13 North, Range 67 West of the 6th Principal Meridian to City Swan Ranch PUD (extending the regulating plan of Ordinance 3989) as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from County PUD to City PUD (ORD 3989) for 36.4 acres of land, concurrent with an annexation. The assignment of a City zone is necessary to establish the regulation of annexed property.

The proposed City PUD zone is essentially a lightly modified version of the City HI Heavy Industrial zone. For the purposes of comparing the zoning, the analysis largely utilizes comparisons to a proposed zoning of HI.

The land is currently vacant (although some limited agricultural operations – such as grazing – may be operating on the site). The impetus behind the annexation and zone change is an anticipated recreation use.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Mixed-use Employment	County Swan Ranch PUD	Vacant (possible agriculture)
North	Mixed-use Employment	County Swan Ranch PUD, City Swan Ranch PUD	Vacant (possible agriculture)
South	Mixed-use Employment, Public & Quasi-public	County Swan Ranch PUD	Office, WYDOT facility
East	Mixed-use Employment, Mixed-use Commercial	County A-2	Vacant (likely agriculture)
West	Industrial	County Swan Ranch PUD, City Swan Ranch PUD	Industrial

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

- 1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)**

PlanCheyenne encourages growth within the Urban Service Boundary and the maximization of existing infrastructure. This property is very close to the Urban Service Boundary, in an area with existing infrastructure. Policies in PlanCheyenne encourage industrial development near regional transportation routes and on the edges of the community (where they can be buffered from the residential and customer-based commercial uses).

The market opportunity associated with the rail line would encourage the development of more industrial uses in the of the Swan Ranch PUD. PlanCheyenne encourages the flexibility to be responsive to market demands.

This property is part of a designated gateway to Cheyenne. Investment has been put into the Welcome Center and the I-25 and High Plains Road interchange to make a positive impact on those entering not only Cheyenne, but the State of Wyoming. Gateways are encouraged to provide an enhanced visual experience, including the use of landscaping. The proposed PUD reduces the amount of required landscaping; however, this is not necessarily a challenge with the proposed rezoning, as there would be potential to coordinate landscaping on this parcel to present attractive and quality landscaping closest to the interstate and interchange entrance into the facility.

The Future Land Use Designation for this property is Mixed-use Employment Campus. Surrounding areas are designated Industrial, Mixed-use Employment Campus, and Mixed-use Commercial. According to comprehensive plan the optimal City zone for the subject property's future land use designation MUE Mixed-use Employment. The proposed zoning is closer to HI zoning than Mixed-use Employment. Mixed-use Employment Campus areas are encouraged to develop with a primary focus on employment designed in a business campus setting. Parks, plazas, pedestrian amenities, and commercial uses are expected parts of development established under this designation. While the regional development pattern and proposed zoning appear antithetical to these objectives, the plan specifically uses Swan Ranch as an example of a 'developing' Mixed-Use Employment Campus (and the plan was adopted after the original Swan Ranch PUD was adopted). It is evident that the framers of PlanCheyenne considered the Swan Ranch Rail Park as an acceptable form of Employment Campus, and designated this region as "Employment Campus" to reflect the current Swan Ranch conditions.

This property is also designated as a Community/Regional Activity Center on the Future Land Use Map. Activity Centers are intended for a mix of commercial and residential uses with access to regional transportation. Regional-serving retail is expected to be a major component of a Community/Regional Activity Center. The proposed zone would not allow the retail and residential components typically expected in activity centers. However, there is an allowance for varied activity center formats which respect the surrounding neighborhood; and there is potential for future development around the interchange to be more reflective of the kind of regional center anticipated by the future land use plan designation.

The policies of PlanCheyenne are supportive of this proposed zone assignment. The future land use plan would encourage more commercial-style zoning at this location, but the current Swan Ranch area is a unique style of employment campus activity center clearly anticipated by the plan on the whole.

The proposed zone change largely **complies** with review criterion 1.

- 2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)**

All surrounding property within City are zoned with the Swan Ranch PUD proposed with this parcel. The subject property and all surrounding property outside of City limits west of I-25 are zoned with the County PUD. Both the City and County PUDs allow a variety of industrial uses, with some commercial, service, or office uses.

This proposed zone change would allow this parcel to match adjacent property. The proposed zoning is also compatible with the future land use designations on property west of I-25. I-25 and the railroad act as a buffer between the development on this property and any proposed developments on the east side of I-25. Currently, all property east of I-25 is zoned for agricultural use and is largely undeveloped.

To the south, there is the WYDOT welcome center. This property is adjacent to I-25, a railroad track, and an area already zoned with an industrial PUD. This zoning would not have an undue influence on this use.

The proposed zone change for the subject property **complies** with review criterion 2.

- 3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)**

The property currently has a County zone, but in order to develop within the City, a City zone is required. The proposed PUD zone is analogous to the current County PUD zone.

The proposed zone change **complies** with review criterion 3.

- 4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)**

Block sizes are not applicable in areas designated mixed-use employment or industrial. Access may be limited based on street classification and proximity to the interstate, but specific access would be reviewed with plat(s) or site plan(s). Infrastructure (streets and utilities) exist in the area.

The proposed zone change for the subject property **complies** with review criterion 4.

- 5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)**

This PUD is intended to develop with a more rural commercial and industrial development pattern. The area is anticipated to be heavily impacted by rail operations. Anticipated uses are those which are of a very high intensity which should be isolated and buffered from the community.

Within the PUD, design standards do not apply to industrial uses (PUD Section C); however, non-industrial uses would be expected to meet the standards of UDC 6.7 (per UDC 6.7.2.d).

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The specific development proposed in concert with this rezoning is a recreation facility. Should the proposed development not be executed after approval, there are also a number of industrial and commercial uses which would be eligible to be established at this location.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

No reviewing agencies provided recommendations regarding the proposed zone change.

The proposed zone change for the subject property **complies** with review criterion 7.

8) Whether the application will harm the public health, safety, or general welfare. (UDC 2.2.1.d.8)

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, no review comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The PUD zone is appropriate based on the comprehensive plan, surrounding zoning, and surrounding development patterns.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).

2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the property from County PUD to City PUD.

ATTACHMENTS:

1. City Swan Ranch PUD Regulating Plan (from ORD 3989)
2. Current Zoning Map
3. Future Land Use Map
4. Master Application

Exhibit A

CITY SWAN RANCH RAIL PARK PUD

Regulating Plan for the Planned Unit Development (PUD) of
Lot 1, Block 2, Swan Ranch Rail Park, First Filing, Lots 1 through 4, and 6, Block 1, Swan Ranch Rail
Park, Fourth Filing, all of Swan Ranch Rail Park, Fifth Filing, all of Swan Ranch Rail Park, Seventh
Filing, all of Blocks 1 and 3 and Lots 1 through 12, Block 2, Swan Ranch Rail Park, Eighth Filing, and a
parcel of land situated in a portion of the North Half of Section 27, T.13N., R.67W., 6th P.M.,
Cheyenne, Wyoming

Purpose: The purpose of the Swan Ranch Rail Park PUD is to create an area for specialized commercial and industrial businesses in a rural setting where rail is the predominant reason businesses are locating in the area and where vehicular and pedestrian traffic will be highly impacted by train operations. The following provisions specify those sections of the Cheyenne Unified Development Code ("UDC") which are deleted or modified with respect to lands within this Planned Unit Development. In all other instances, the provisions of the Cheyenne UDC shall apply.

- A. **Permitted Uses.** The uses permitted in the PUD district are specified in UDC Table 5-1, Zoning District Uses, as either "permitted" or "administrative" or "conditional" under the HI district. The PUD district is intended for uses of very high intensity which should be isolated and buffered in order to protect the community, to ensure unimpeded operation of the uses, and to permit accessory commercial, service or office uses, which cannot readily fit into other general business or mixed-use areas due to the nature or intensity of operations. In addition to the previously described uses in Table 5-1, Zoning District Uses, the following use is permitted within this PUD:

Railroad yards and maintenance buildings.

- B. **District Standards.** The application of UDC Section 5.5.2.d, Lot and Building Standards, to lands within this PUD is modified to read as follows:

Lot and Building Standards:

Lot Area: n/a

Lot Frontage: n/a

Setbacks: All buildings shall be set back at least 25' from all property lines adjacent to streets.

Building Height: n/a

Maximum coverage: 90%

- C. **Building Design Standards.** UDC Sections 6.7, 6.8 and 6.9 shall not apply to industrial land uses within this PUD.

- D. **Landscaping Standards:**

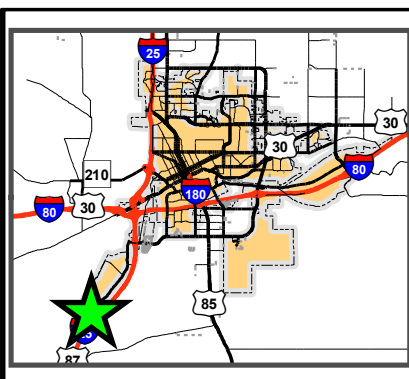

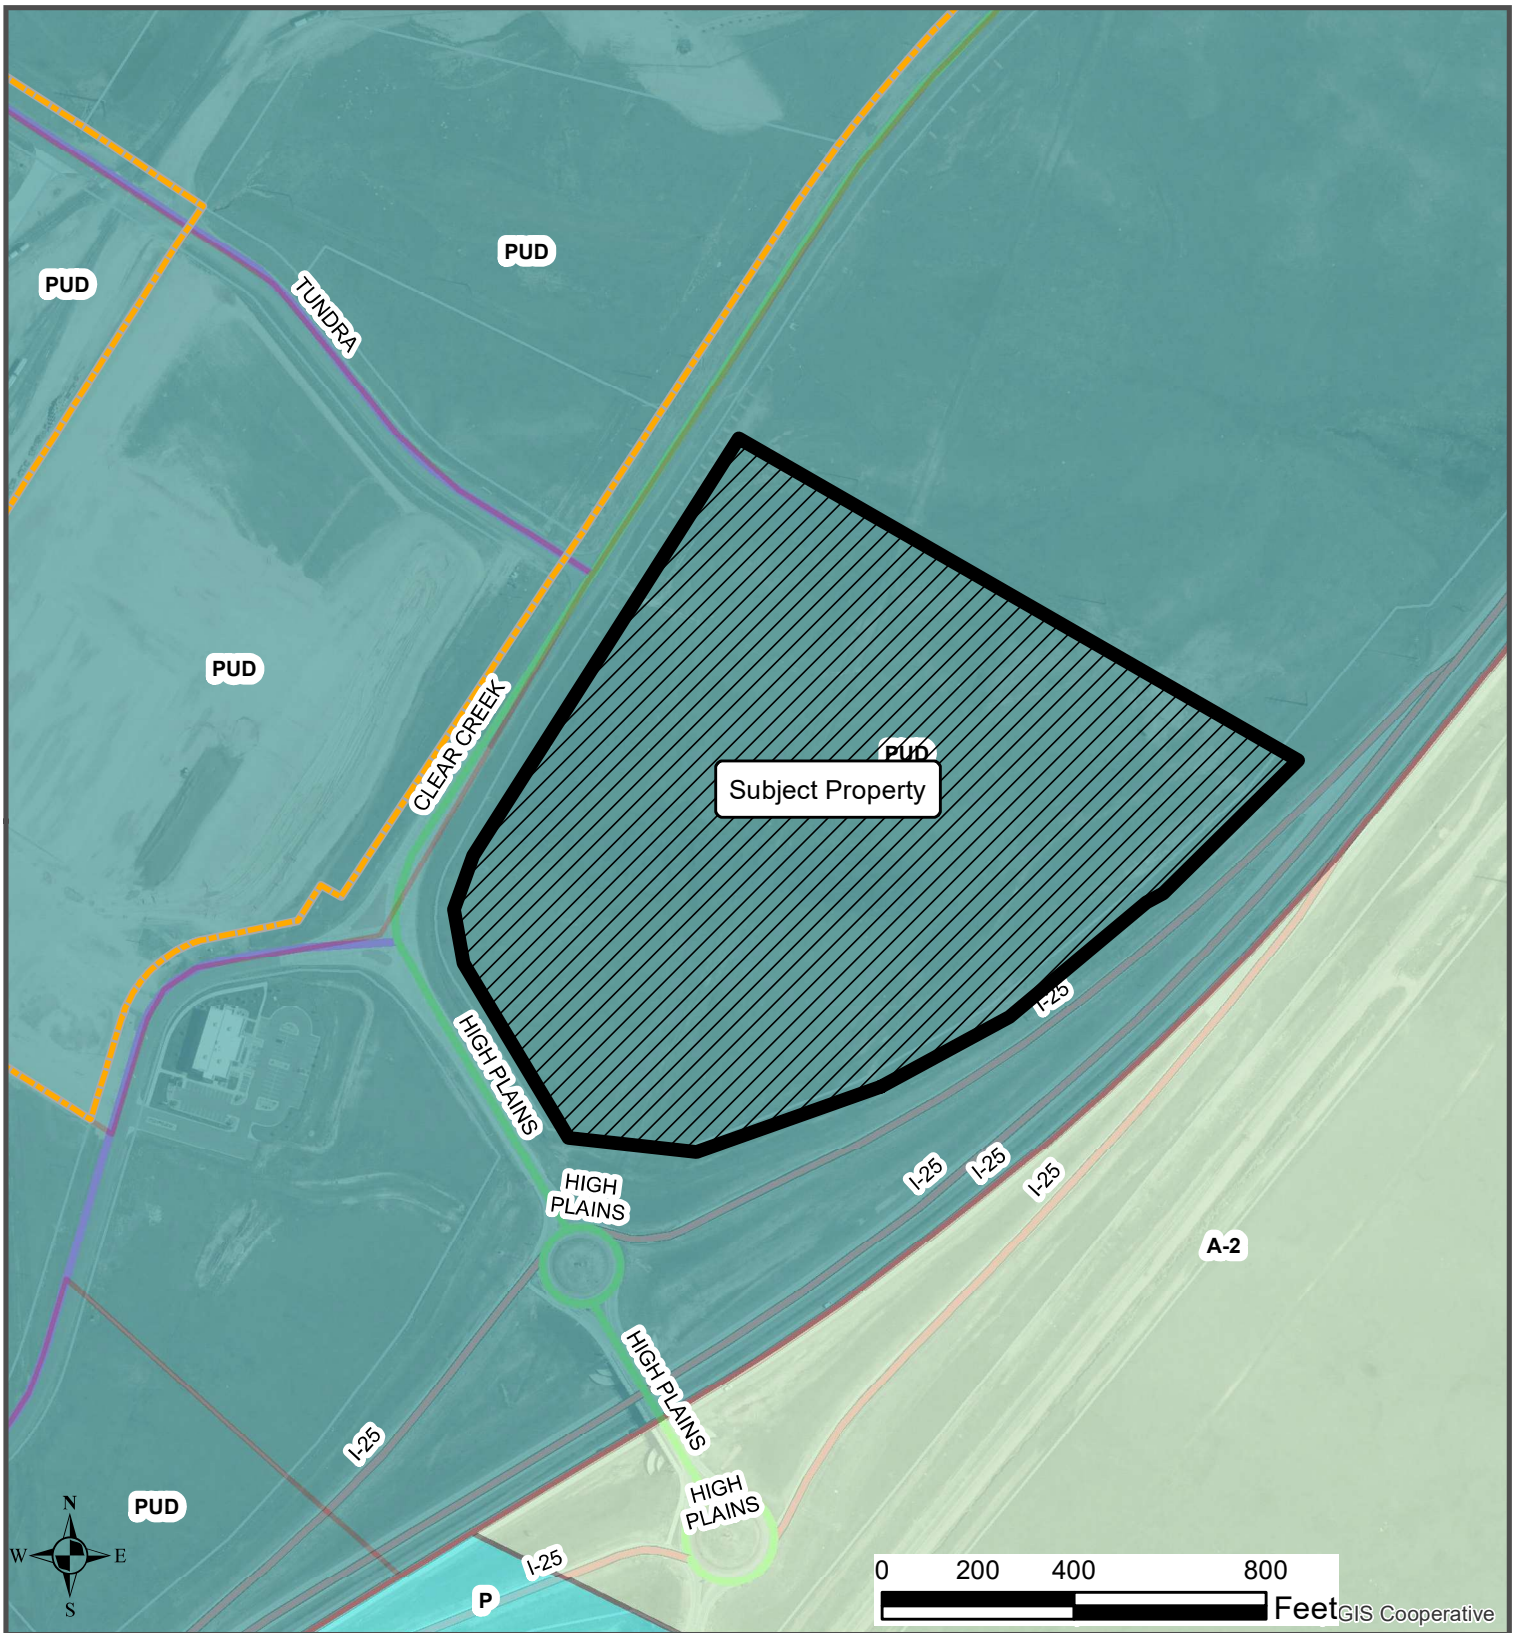

The application of UDC Section 6.3 to lands within this PUD is modified as follows:

Alternate compliance for landscaping calculation. In lieu of calculations for required landscaping in Section 6.3.4, Point System, Site Plan applications may provide the amount of landscaping required by a Section 6.3.5.b, Level 2 buffer, based on the length of the property's frontage on adjacent rights-of-way. The landscaping may be installed along rights-of-way to meet the requirement of Section 6.3.3.a, Landscape Setback, as well, or installed elsewhere on the site in addition to the Section 6.3.3.a landscape setback.

For the purposes of determining buffering between property in this PUD and that in all other zone districts, this PUD shall be treated as if zoned HI under Table 6-10, Required Landscape Buffer Levels.

- E. **Parking, Lot Access and Circulation:**

UDC Section 6.2.4.c Bicycle Parking shall not apply within this PUD.

Review Criteria

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan.

Acknowledgement of this review criteria

The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas.

Acknowledgement of this review criteria

The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district.

Acknowledgement of this review criteria

The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning.

Acknowledgement of this review criteria

The ability of the application to support the Intent and Applicability statements of the proposed zoning district, and achieve the Design Objectives of any specific standards.

Acknowledgement of this review criteria

The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options in the event that any specific development proposed in association with the application is not executed after approval.

Acknowledgement of this review criteria

The review and recommendations of other reviewing bodies

Acknowledgement of this review criteria

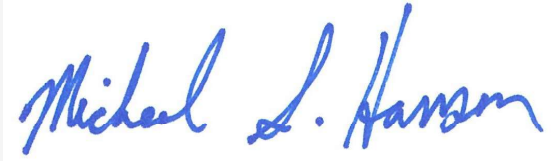

Whether the application will harm the public health, safety, or general welfare.

Acknowledgement of this review criteria
