### MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council  
From: Seth Lloyd, Planner  
Subject: UDC-22-00098 – Saddle Ridge, 18<sup>th</sup> Filing Final Plat  
Date: May 23, 2022

---

#### Background:

The item for consideration is a *Final Plat*. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 5/23/2022
- Public Services Committee 6/7/2022
- Final consideration 6/13/2022

#### Planning Commission Recommendation:

The Planning Commission heard this item at their May 2, 2022 meeting and recommended the Governing Body approve this application by a unanimous vote, with conditions.

The Planning Commission Staff report is attached and has not been changed.

Following the Planning Commission Meeting on May 2, Staff and the applicant have worked together to create a map which substantially fulfills as many conditions as possible. The following Planning Commission conditions (as listed in the Staff report) are still outstanding:

- 1.a: *"Exception to UDC 4.3.3.c, regarding minimum block size and connectivity Block 1."*
  - This must receive Governing Body approval.
- 1.b: *"Exception to UDC 4.3.3.c, regarding minimum block size and connectivity Block 4/5."*
  - This must receive Governing Body approval.
- 2.d: *"Demonstrate appropriate water line looping will be achieved."*
  - The applicant has indicated an understanding this is required and anticipates submitting an EPR showing the looping after Council submittal (May 18<sup>th</sup>) and prior to final Council approval (June 13<sup>th</sup>).
- 2.f.iv: *"An additional 15 feet of right-of-way shall be added to the north side of Wilderness Trail east of Dixon Drive to bring it to Collector Street standards and to facilitate a greenway trail."*
  - After further discussion with the applicant, Staff would accept an easement instead of right-of-way. Due to topographical constraints and lack of a finalized pathway, providing the easement at this time may be premature. The Tract in question is "reserved for open space ... and related facilities" (Note 6), so the plat allows

Greenway construction on the parcel. Staff recommends that this Planning Commission condition not be continued.

- 2.f.v: *“Easements shall be added for drainage and utilities.”*
  - A BOPU easement has been added. Drainage easements have not been added, but will be required in concert with approved Engineering Plans. Due to lack of a finalized drainage plan, providing easements at this time may be premature. The Tracts in question are “reserved for ... detention and related facilities” (Note 6), so the plat allows drainage improvements on the parcel. Staff recommends that this Planning Commission condition be considered substantially fulfilled.

All other conditions in the Staff Report have been addressed.

RESOLUTION NO. \_\_\_\_\_

**ENTITLED:**           **“A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR SADDLE RIDGE, 18<sup>TH</sup> FILING A PLAT OF A PORTION OF THE EAST HALF OF SECTION 25, T.14N., R.66W., OF THE 6TH P.M., CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED NORTHWEST OF THE INTERSECTION OF CHRISTENSEN ROAD AND PERSHING BOULEVARD).”**

**WHEREAS,** WJE, LLC, has subdivided said land in accordance with the statutes in such cases made and provided; and

**WHEREAS,** WJE, LLC, the owners of the above described land, has caused a subdivision plat of said land to be made, acknowledged, and certified, particularly describing the lots, block, easements, and right-of-way; and

**WHEREAS,** the above described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration; the Planning Commission has recommended that said plat be approved by the Governing Body; and the plat has been duly executed by the Development Office; and

**NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, THAT** the subdivision described as Saddle Ridge, 18<sup>th</sup> Filing, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk be and are hereby authorized, empowered, and directed to execute said plat, when Community Facility Fees have been paid in full.

**PRESENTED, READ AND ADOPTED THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 2022.**

\_\_\_\_\_  
PATRICK COLLINS, MAYOR

(SEAL)  
ATTEST:

\_\_\_\_\_  
KRISTINA F. JONES, CITY CLERK

### GENERAL NOTES

- 1.) BASIS OF AZIMUTH — CITY OF CHEYENNE DATUM REFERENCED FROM CITY CONTROL MONUMENTS "MICRO" AND "PERSHING"
- 2.) ALL AZIMUTHS AND DISTANCES SHOWN ON THIS PRELIMINARY PLAT ARE BASED ON CITY DATUM, EXCEPT WHERE NOTED (STATE PLANE)
- 3.) STATE PLANE COORDINATES — NAD83—2011, WYOMING EAST ZONE, US SURVEY FEET, COMBINATION FACTOR = 0.999669473
- 4.) ALL UTILITY EASEMENTS ALONG STREETS ARE 10' UTILITY EASEMENTS UNLESS OTHERWISE NOTED
- 5.) WATER AND SEWER TO BE PROVIDED BY CITY OF CHEYENNE BOPU.
- 6.) THIS PROPOSED PLAT DOES NOT FALL WITHIN ANY FEMA 100 YEAR FLOOD PLAIN ACCORDING TO F.E.M.A. MAP PANEL NO. 56021C1114F DATED JANUARY 17, 2007.
- 7.) LOTS 1—7, BLOCK 8 AND LOTS 28—35, BLOCK 4 WILL NOT HAVE DIRECT VEHICLE ACCESS TO CHRISTENSEN ROAD. MAINTENANCE OF ADJACENT RIGHT OF WAY IS THE RESPONSIBILITY OF HOMEOWNERS, WITH THE EXCEPTION OF THE 10' GREEN WAY PATHWAY.
- 8.) TRACTS 1—3, SADDLE RIDGE 18TH FILING IS RESERVED FOR OPEN SPACE, DETENTION, AND RELATED FACILITIES.

### CITY OF CHEYENNE PLANNING COMMISSION

MAY 2, 2022

### STAFF REPORT

**FILE:** UDC-22-00098: Saddle Ridge, 18<sup>th</sup> Filing (Expedited Review)

**REQUEST:** A plat creating 162 lots for residential development, along with 3 tracts for open space, and land for associated rights-of-way

**LOCATION:** Northwest of the intersection of Pershing Boulevard and Christensen Road

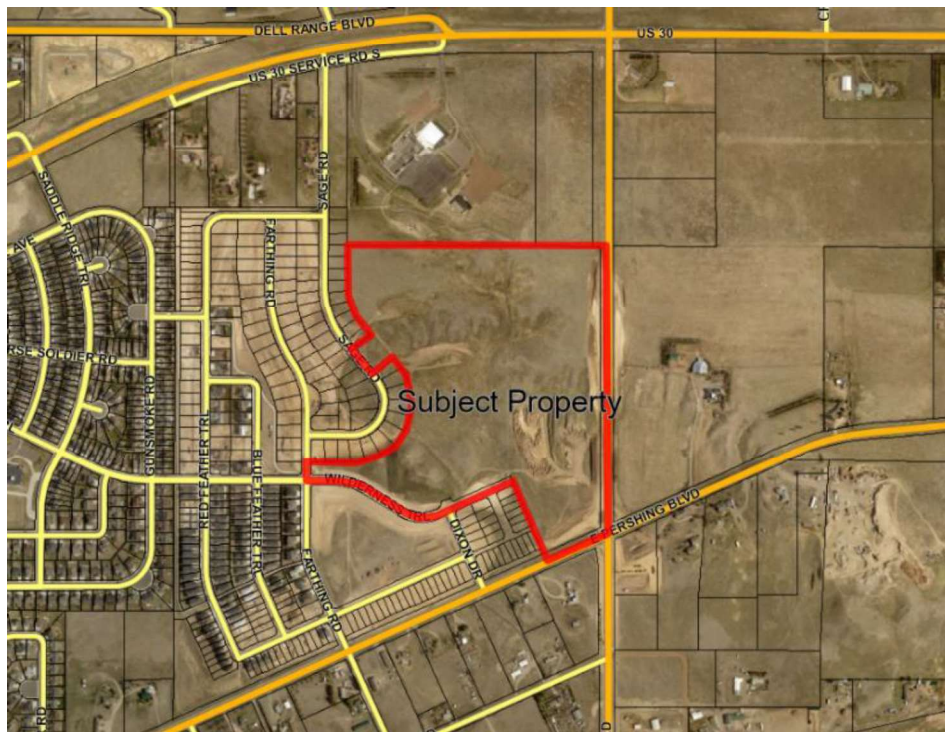

**APPLICANT:** WJE, LLC

**OWNER:** WJE, LLC

**PROPOSED ZONING:** MR Medium-density Residential

**PURPOSE:** A plat creating a 53-acre residential subdivision.

**PREPARED BY:** Seth Lloyd, Planner II – Development

**RECOMMENDED MOTION:**

Move to **approve** the Saddle Ridge 18<sup>th</sup> Expedited Preliminary Plat, recommend granting exceptions to Section 4.3.3 of the Unified Development Code, and advancing the Final Plat to the Governing Body, with the staff conditions as listed in the Staff report.

**APPLICABLE CITY CODE SECTION(S) AND PLANS:**

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

**BACKGROUND:**

The applicant is requesting approval of a preliminary plat for 53.5 acres of land. The subject property is unplatted, vacant land, which is concurrently being annexed to the City. A preliminary plat for this land was approved in 2015, but subsequent review, design, and engineering of the property necessitated a new plat.

**SURROUNDING LAND USE AND ZONING:**

|                     | <b>Future Land Use Designation</b>          | <b>Zoning</b>                                                               | <b>Land Use</b>                                      |

| <b>North</b>        | Mixed-use Residential, Mixed-use Commercial | County A-1                                                                  | Assembly, Vacant                                     |
| <b>South</b>        | Urban Residential                           | P Public, MR Medium-density Residential, County AR Agricultural Residential | Single-family residential, rural residential, vacant |
| <b>East</b>         | Urban Residential                           | County A-2 Agricultural                                                     | Rural residential                                    |
| <b>West</b>         | Urban Residential                           | MR                                                                          | Single-family residential                            |

**ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:**

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

**1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)**

This development is in conformance with the principles and future land uses identified in PlanCheyenne. The property is within the Urban Service Boundary and has access to all utilities, although utility lines will likely need to be extended with this development.

The future land use map within PlanCheyenne identifies this area as developing with Urban Residential development. A mix of housing types and limited commercial uses are appropriate in developing areas designated Urban Residential. This plat proposes single-family residential uses, but on a variety of lot sizes.

The application **complies** with this review criterion.

- 2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)**

The proposed plat generally continues the Saddle Ridge development pattern eastward to Christensen Road. The plat connects into the surrounding street network and provides a stub to the northern underdeveloped property. The location of the street stub is not optimal, but may be based on the desires of the property to the north – Staff has requested the applicant provide a draft layout of how the northern property could develop to justify the road location. The plat proposes tying into the existing utility network.

The application **complies** with this review criterion, with conditions.

- 3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)**

Community Facility Fees (UDC 4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, etc), are exempt from fees. As there may be some modification to the buildable area on the plat due to Staff comments, the estimated fees may not be accurate.

For the purposes of providing a rough estimate, the fees were based on 35 acres of buildable land (actual number will be dependent on the final alignment):

|                                                         |                           |
|---------------------------------------------------------|---------------------------|
| Land Acquisition Fee                                    | \$12,250 (\$350 per acre) |
| Infrastructure Fee                                      | \$12,250 (\$350 per acre) |
| <b>Total Land Acquisition &amp; Infrastructure Fees</b> | <b>\$24,500.00</b>        |

Per UDC Section 4.2.5, Table 4-2, the Land Acquisition & Infrastructure fee are payable at the time of the signing of the final plat.

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

|                             |                         |
|-----------------------------|-------------------------|
| Residential Enhancement Fee | \$400 per dwelling unit |
| Commercial Enhancement Fee  | \$1,100 per acre        |

Transportation Network (UDC 4.3):

The applicant did not provide a transportation network plan for the area north of the subject property. The proposed layout of this plat and its interaction with the existing street network to the south, east, and west is straightforward, but the parcels to the north are underdeveloped and there is potential for this development to tie into a future development to the north. This plat does propose a connection (Cheyenne Hills Trail), but this may not be optimal for the street network. After discussion with the applicant regarding review comment and connections to the north, staff has been informed that the proposed connection corresponds with future development plans. A transportation network plan

detailing the regional connectivity is required to be submitted prior to Governing Body approval of the corresponding final plat.

Block 1 does not meet required block size, but the relocation of (Cheyenne Hills Trail may allow this block to meet requirements. The street should be moved or an exception from UDC 4.3.3.c should be requested.

Block 4/5 (one block by the street network) exceeds the maximum block size. Due to topographic constraints, the applicant is inferred to be requesting an exception based on the topographical exception allowed by the UDC.

Double fronted lots should be avoided (UDC 4.3.3.b.2). To allow the proposed arrangement of Lots 1-7 Block 8; and 28-35 Block 4, Staff has requested the applicant indicate the proposed maintenance scenario for the landscaping along Christensen Road. A Greenway is installed here in lieu of a sidewalk, so the City would be maintaining the pedestrian facility.

The proposed cul-de-sac does not meet maximum length (not to exceed 600' per UDC 4.3.3.e) Staff has requested the applicant revise or justify the proposed length.

Open Space (UDC 4.4):

The open space meets area requirements. However, the City does not have the capacity to maintain the facility. The UDC Section 4.4.6 requires an agreement to be in place for ownership and maintenance of open space prior to plat approval. The Community Recreation and Events Department and the City Engineer have expressed concern with taking on this land. Lands proposed for gifting to the City feature unique topography, are isolated, and feature drainage facilities that are challenging to access.

City staff is not recommending the City take on this responsibility. This responsibility could be passed on the future property owners through lot line extensions and granting of drainage easements, the sale of these tracts to a homeowner's association, or undivided ownership interest in all open space tracts.

Required Improvements (UDC 4.5):

This plat appears to be able to provide all required utilities to the lots within this development. Easements would be needed for BOPU utilities across the open space tracts.

Public Safety Fees (UDC 4.6):

Public Safety Fees are required at \$836.88 per dwelling unit. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure. This fee is subject to change annually.

The application **complies** with this review criterion, with conditions.

- 4) **Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No phasing is proposed with this project.

Review criterion **not applicable**.

- 5) **The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There is some follow-up information requested.

Traffic:

A traffic study was submitted and reviewed. There are multiple corrections to the study requested.

The application **complies** with this review criterion, with conditions.

- 6) **Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

The proposed plat proposes 162 buildable lots. A few of the lots do not meet minimum area requirements for single-family development (Lots 32-38, Block 5 and Lots 4-6 and 8, Block 7). These lots could be developed with duplexes. However, the applicant appears to want all lots to be able to be built with single-family units. Revisions may be possible to meet this objective. As all lots are buildable, the application meets the criterion as filed, but revisions may be desired by the applicant.

The application **complies** with this review criterion.

- 7) **All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

The plat has three unbuildable parcels. These are reserved for various purposes, including, but not limited to, open space, detention, and trail connections. The proposed entity to own and maintain is the City. As noted in the Open Space analysis section above, the City has not agreed to accept these parcels and the City does not have the resources to maintain the parcels. Staff has requested an alternative be proposed with a revised submittal. Staff has recommended a condition that references to City ownership or conveyance to the City of open space tracts be removed from the plat.

The application **complies** with this review criterion, with conditions.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

Properties adjacent to this plat within the City are mostly zoned MR. To the west and southwest, the land is currently being developed with single-unit residential. The area to the south is developed with a more rural residential development pattern. To the east, the land has one single-family home on a largely vacant parcel which has potential for future development. To the northwest, a church exists on an underutilized parcel in the MUB zone. The parcel to the northeast is vacant.

The area to the west, south, and east is designated Urban Residential by the future land use map in PlanCheyenne, which encourages a mix of urban-style residential development patterns. To the north, the designation is mixed-use.

The style of housing proposed with this plat is expected by the future land use designation, is consistent with current development patterns within City limits, and is compatible with the surrounding County land. The plat does provide a street stub headed north for potential future development of property to the north, although there may be the potential to have a better alignment.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

- 10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

Remainder lots are not proposed with this plat.

Review criterion **not applicable**.

- 11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted. Staff has recommended conditions to be reflected on the Final Plat prior to City Council approval.

The application **complies** with this review criterion.

**12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)**

Staff has recommended several conditions to the plat to bring it into further conformance with the standards of the code and to relive the City of unnecessary fiscal burden.

The application **complies** with this review criterion, with conditions.

**13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)**

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

**CONFORMANCE WITH APPLICABLE PLANS:**

---

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

**STAFF REVIEW:**

---

Through the review process, comments were received regarding the following issues:

1. Open Space ownership and maintenance.
2. "Donated Lots" plat note.
3. Location of street stub to the north.
4. Block size exceptions.
5. Double-fronted lot maintenance issue. – uniform fence -
6. Street name issues.
7. Cul-de-sac length.
8. Lot size.
9. Right-of-way size along Wilderness Trail.
10. Creation of easements (BOPU and Drainage).
11. BOPU water connections.
12. Downstream stormwater conveyance.
13. Traffic control at the Golden Bell / Christensen intersection.
14. Technical Issues with the Traffic Study.

**CONCLUSION:**

---

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

The general layout of the plat is compatible with the Comprehensive Plan, with the proposed zoning, and with surrounding urban development patterns. The open space provided meets open space requirements for area, but needs better ownership and maintenance definition. Some consideration must be taken into account for topography and regional transportation routes. Easements need to be added, and some technical corrections or clarifications need to be provided.

**ALTERNATIVES:**

---

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body (**Staff Recommendation**).
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

**STAFF RECOMMENDATION:**

---

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body, with the following exceptions and conditions:

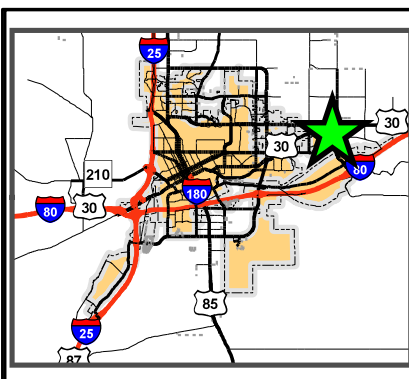

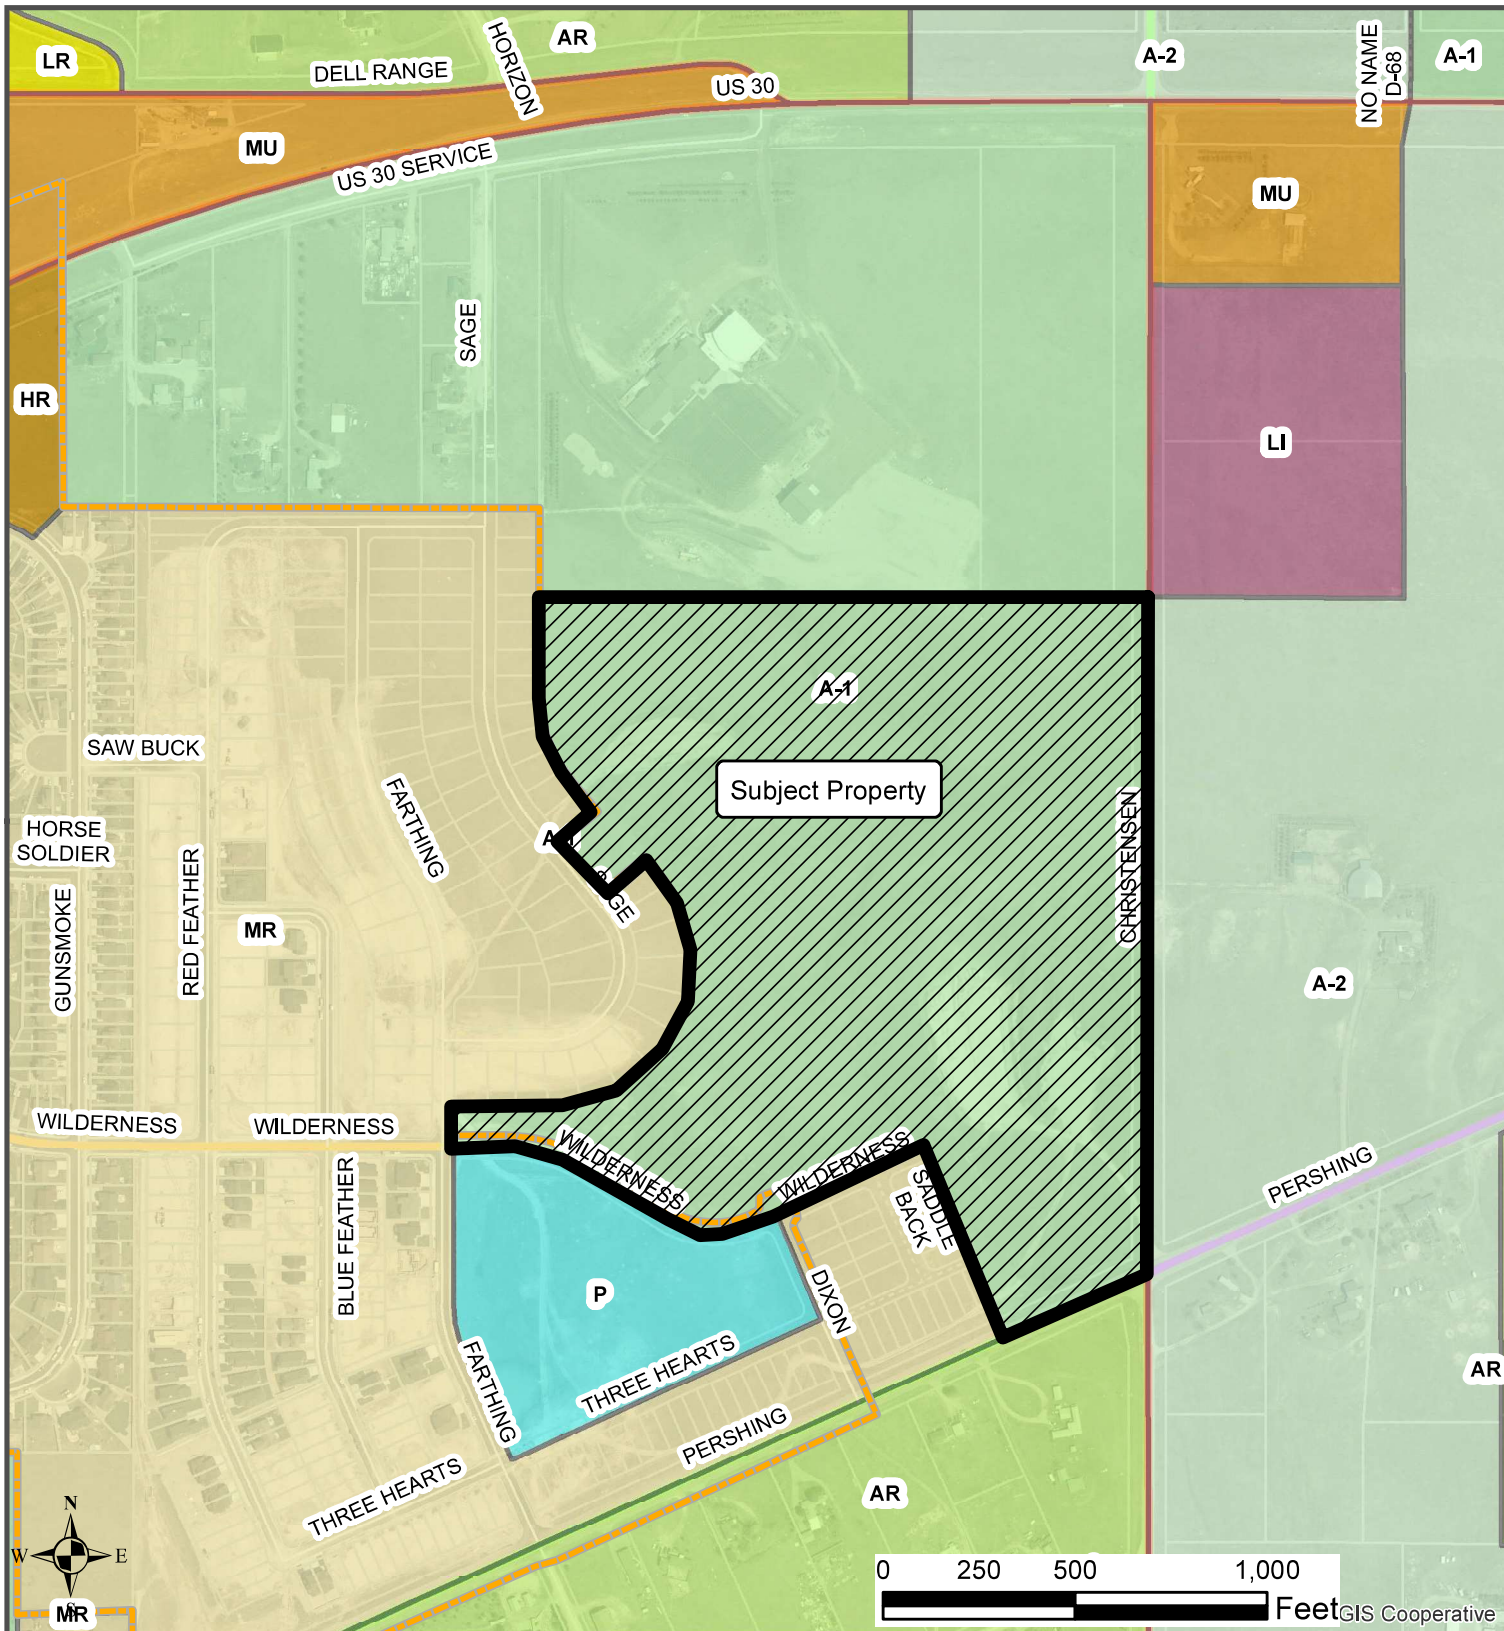

1. The following exceptions to are granted:
  - a. Exception to UDC 4.3.3.c, regarding minimum block size and connectivity Block 1.
  - b. Exception to UDC 4.3.3.c, regarding minimum block size and connectivity Block 4/5.
2. Prior to approval of the final plat the following shall be required:
  - a. The applicant shall provide a transportation network plan detailing the regional connectivity.
  - b. Technical corrections to the plat and supporting documents shall me made to the satisfaction of the City prior to approval by the Governing Body.
  - c. Subdivision Standard Waiver to UDC 4.3.3.e to allow a cul-de-sac length exceeding 600 feet shall be approved.
  - d. Demonstrate appropriate water line looping will be achieved.
  - e. The plat drawing shall be modified as follows:
    - i. The right-of-way stub north of the Dixon/Wilderness intersection shall be vacated and an appropriate vacation statement and revision to the drawing shall be added.
    - ii. The note "Donated Lots" and subsequent notes 1 and 2 shall be removed.
    - iii. Rename the eastern portion of "Saddle Back Lane".
  - f. The following shall be added to the face of the plat:
    - i. A note labeling Tracts 1-3 as reserved for open space or detention purposes only shall be added.
    - ii. A note restricting direct lot access to Christensen Road for lots adjacent to Christensen Road.
    - iii. A note restricting stating that all lots, including double frontage lots, are responsible for maintenance of adjacent landscaping and groundcover of all adjacent rights-of-way.

- iv. An additional 15 feet of right-of-way shall be added to the north side of Wilderness Trail east of Dixon Drive to bring it to Collector Street standards and to facilitate a greenway trail.
- v. Easements shall be added for drainage and utilities.

**ATTACHMENTS:**

## Application-Specific Information

|                           |                                                                                                |
|---------------------------|------------------------------------------------------------------------------------------------|
| Eligibility Determination | I acknowledge that staff has determined this is eligible to be submitted as an expedited plat. |
|---------------------------|------------------------------------------------------------------------------------------------|

Saddle Ridge 18th Filing is a significant milestone in that when it is constructed, the whole of the Saddle Ridge neighborhood's masterplan that began in 2006 will be completed. The existing natural topography for the 18th Filing features dramatic elevation changes and is the most challenging we've ever worked with from a design standpoint. This aggressive natural topography resulted in some unique constraints, while at the same time created the opportunity to build a number of special home lots not currently found in other parts of the community. The entirety of the 18th Filing consists of single family home lots of two types, and for discussion purposes we can divide this Filing into a North half & a South half. The first type of single family lots planned for this area are larger in size and placed on the highest elevations on the North half of the 18th Filing's property. The second type of single family home lots that are planned for the 18th Filing are scaled down in size & placed on the lower elevations essentially on the South half of the property. We call these scaled down detached single family home lots "Cottages." We introduced the Cottages in Saddle Ridge starting in 2016, and they have been in high demand ever since due to their quality and affordability. As with many areas around the country, more affordable homes are very much needed in Cheyenne. The additional Cottages planned for the 18th Filing will assist in addressing the shortage of attainable homes in our community.

|                                                                                                                            |            |
|----------------------------------------------------------------------------------------------------------------------------|------------|
| Current Subdivision                                                                                                        | UNPLATTED  |
| Lots affected by this proposal                                                                                             | none       |
| A pre-application meeting is not required, but recommended. Please indicate the date the pre-application meeting was held. | 01/26/2022 |

Upload any pre-application meeting notes or summaries [MeetingSummarySaddleRidge18th.pdf](#) relevant to this proposal.

Are any easements proposed to be added, modified, or removed? **Yes**

If easements are proposed to be added, modified, or removed. Attach Franchise Utility approval letters from all affected utilities. Failure to provide this information could result in delay of application review.

#### Open Space Approach

The open space allocation for the 18th Filing was included in the master planning for all remaining future Filings of the Saddle Ridge neighborhood in conjunction with the preliminary plat approval in 2015. The 2015 total size of the masterplan for this area was 139.25 acres, and of that we had planned & agreed to donate 19.64 acres of various open space parcels, which equated to 14.1% of the total project area. Since that time, an additional 5 acres of adjacent property was acquired and incorporated into to the North end of the 13th Filing, so as it exists today the total project acreage increased to approximately 144.91 acres. With the inclusion of the proposed 18th Filing, this 144.91 acres is made up of Saddle Ridge's 8th-18th Filings. Of the updated 144.91 total acreage including the proposed 18th Filing, we are now donating 23.23 total acres of open space, which represents 16.03% of the entire project area. The open space donation size has increased by approximately 2% from 14% to 16%, which is double the 8% UDC donation requirement. It's really important to clarify that the vast majority of the open space parcels planned for donation will consist of native vegetation that will not require maintenance. This is due in part to the dramatic elevation variations found in the natural topography of this project's site. The only improvement that will be found in most of the donated open space parcels will be pedestrian pathways, which will have native vegetation on either side of it. Many of the pathway corridors are designed to

accommodate future City Greenway routing, which will connect in a general diagonal fashion down to the intersection of Pershing Blvd. & Christensen Rd. Please see the updated open space exhibit provided with this narrative for an illustration of all of the planned open space areas including the existing and proposed pathway routes. One of the features we are most excited about is the central open space area found just North of the future school site & Wilderness Trail. This central open space area consists of several hills that have been left in their natural state by design. It has been our vision since 2015 to place a picnic & observation area on the top of one of the hills in this area which will give the public a special viewing experience looking back West at the City & foothills. The panoramic views the public will enjoy of Laramie County from this vantage point are quite striking. In addition to this viewing experience, the native hills in this central area will provide unique sledding options for families in the winter, and provide more of a hiking experience for the public in warmer months. We know of no other public open space area in the City that will have these attractive & unique features.

### GENERAL NOTES

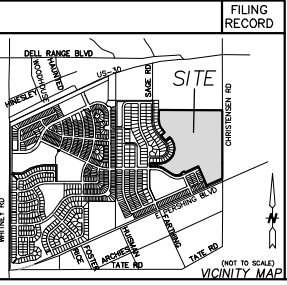

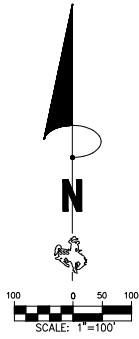

- 1.) BASIS OF AZIMUTH - CITY OF CHEYENNE DATUM REFERENCED FROM CITY CONTROL MONUMENTS "MICRO" AND "PERSHING"
- ALL AZIMUTHS AND DISTANCES SHOWN ON THIS FINAL PLAT ARE BASED ON CITY DATUM, EXCEPT WHERE NOTED (STATE PLANE)
- STATE PLANE COORDINATES - NAD83-2011, WYOMING EAST ZONE, US SURVEY FEET, COMBINATION FACTOR = 0.999669473
- 2.) ALL UTILITY EASEMENTS ALONG STREETS ARE 10' UTILITY EASEMENTS UNLESS OTHERWISE NOTED
- 3.) WATER AND SEWER TO BE PROVIDED BY CITY OF CHEYENNE BOPU.
- 4.) THIS PROPOSED PLAT DOES NOT FALL WITHIN ANY FEMA 100 YEAR FLOOD PLAIN ACCORDING TO F.E.M.A. MAP PANEL NO. 56021C114F DATED JANUARY 17, 2007.

### DONATED LOTS

- 1.) TRACTS 1-3, SADDLE RIDGE 18TH WILL HEREBY BE DONATED TO THE CITY OF CHEYENNE FOR OPEN SPACE AND PEDESTRIAN PATHWAY.
- 2.) PER LARAMIE COUNTY ASSESSOR, DEEDS WILL BE REQUIRED TO TRANSFER DONATED LOTS TO THE CITY OF CHEYENNE, AFTER THE APPROVAL AND RECORDING OF THIS PLAT

### LEGEND

- FOUND NAIL & WASHER
- ALL LOT CORNERS, ANGLE POINTS, AND CURVE POINTS TO BE SET WITH A 8" X 24" LONG REBAR WITH 1 1/2" ALUMINUM CAP STAMPED "SSS P.L.S. 5910"
- FOUND 1 1/2" ALUMINUM CAP STAMPED "SSS P.L.S. 5910"
- △ CITY CONTROL MONUMENT
