CITY OF CHEYENNE GOVERNING BODY

OCTOBER 10, 2022

STAFF REPORT

FILE: UDC-22-00310: High Plains Business Park - Annexation

REQUEST: An annexation of 1,283 acres of land

LOCATION: Between Clear Creek Parkway and South Greeley Highway, south of College Drive

APPLICANT: Cheyenne Leads

AGENT: Brad Emmons

OWNERS: Michael James Sara; David and Elizabeth Schroth; Sara, William A and Ginger L Joint Revocable Trust; Goat Systems LLC; Swan Ranch LLC; Clear Creek Land Co LLC

PURPOSE: To allow the development of High Plains Business Park

PREPARED BY: Seth Lloyd, Planner II – Development

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

The applicant is requesting annexing 1,283 acres of land to develop the property with a limited industrial use on roughly 973 acres. The land is currently largely undeveloped with only limited rural or agricultural type operations. A zone change is proposed concurrently with this annexation. Both applications are anticipated to come to final consideration before the Governing Body at the same meeting.

Land annexed to the City requires a City zone. The petition to annex has been accompanied by a submission to change the zoning from County CB and A-2 to City CB, AG, and LI.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Mixed-use Employment, Mixed-use Residential, and Urban Residential	County CB, County A-2	Vacant (likely agriculture)
North	Mixed-use Employment, Community Business, Mixed-use Residential, and Urban Residential	LI Light Industrial, CB Community Business, County CB, County PUD, County A-2	Vacant (likely agriculture), Industrial, Commercial
South	Mixed-use Employment, Mixed-use Residential, Urban Residential, and Urban Transition Residential	County A-2, County AR	Vacant (likely agriculture), Rural Residential
East	Mixed-use Residential	County A-2, County MR, County CB	Mobile Home Park
West	Mixed-use Employment	LI, County CB	Vacant (possible agriculture), Industrial

The property is currently zoned with commercial zone and an agricultural zone in the County. The property is concurrently proposed to be annexed and rezoned to the City zones of CB, AG, and LI. The City CB zone is intended for regional commercial uses, the LI zone is intended for limited industrial uses, and the AG zone is intended for agricultural uses or as a holding zone.

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

- 1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]**

The annexation of this property will increase the health, safety, and welfare of the future occupants. By being in City limits, the property will receive access to City Fire and Police and sanitation services. The property, if occupied, will also be required to be connected to City water and sanitary sewer instead of having wells and septic systems.

The application **complies** with this review criterion.

- 2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]**

This property, once developed, will constitute a natural, geographic, economic, and social part of the city. The property is adjacent to the City to the west. Nearby properties to the east are developed with urban-style development within the South Cheyenne Water and Sewer District. The contiguity to the City and the proximity to surrounding urban-style development makes the parcel a natural geographic part of the City. The development of this property will benefit those who live within the City and will be a part of the social and economic fabric that is Cheyenne.

The application **complies** with this review criterion.

- 3) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection will be extended upon annexation. Utilities will be required to be extended with development actions.

The application **complies** with this review criterion.

- 4) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

The area proposed for annexation is about 13% contiguous, along the western edge.

The application **complies** with this review criterion.

- 5) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

- 6) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under**

subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]

A certified mailing was made to the landowners and public utilities on September 9, 2022. The public hearing for this annexation is scheduled for October 10, 2022. Twenty (20) business days prior to the announced public hearing is September 12, 2022. The earliest confirmation of delivery was dated September 12, 2022.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

Policies within PlanCheyenne encourage responsible growth. As this annexation is on the edge of the community, any development action needs to take into careful consideration how to extend infrastructure.

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with urban residential and some commercial uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. An amendment to PlanCheyenne is proposed which would change the designation of the subject property to Mixed-use Employment. This proposed use category is also best served by being within City limits. The area is within the Urban Service Boundary, which means that no matter the specific development pattern, the expectation is that the development here would be within City limits and connected to City services.

STAFF REVIEW:

Through the review process, the following comments were received:

- Technical corrections to the annexation map

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and most services typically available to urban areas are available to be extended to this property.

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
